

USA Judo COVID Testing Protocols

No testing for participants with positive COVID within 90 days (January 23-April 8th), and asymptomatic, to present documentation of original positive test result with date and medical clearance from physician

Vaccinated Individuals will need to PCR and Antigen Test. They are excluded from needing to quarantine if exposed to positive COVID contacts. If they develop symptoms they will need to be tested.

Children < 3 years old are excluded from PCR/Antigen testing requirements if asymptomatic

Contact Tracing
