REFEREE/EVALUATION TEST SITE

The presiding official at the referee meeting shall be the Chief Referee who is either selected by the Tournament Director or approved by the USA Judo Referee Committee for point events associated with testing and evaluation for National Referees. All referees must be an active USA Judo member and have fulfilled the required certifications (background screen, SafeSport, and concussion training). All referees planning to work the event must attend the referee meeting, unless previously excused by the Chief Referee.

The referee meeting should not be shared with any other operation of the event during the time of the meeting.

It is recommended that a coach representative attend the referee meeting.

Event Directors/Chief Referee must ensure that all referees working the event hold current certifications to include, Referee certification, SafeSport certification, clean background screen and concussion training certification. Individuals who have lapsed certifications are not allowed to referee the event.

Event Director/Head Referee should request a list of current referees from USA Judo, USJA, USJF and ATJA for verification of current certifications. They may also check the USA Judo website, Referee page for the most current list of active/compliant referees.

If you would like your event to be considered as a testing site, please complete the application, and submit directly to the USA Judo Referee Commission for consideration.

The application can be found at:

<https://docs.usajudo.net/forms/Referee/2021%20Application%20for%20Test%20and%20Evaluation%20Site.pdf>

MONITORING OF EVENT

An official observer (Monitor), mutually agreed upon between the event director and USA Judo, will be assigned to oversee the implementation of the policies and procedures outlined in this document and evaluate the objectivity of the following:

- 1) pairings/draw/elimination
- 2) weigh-in
- 3) results reporting
- 4) overall safety, operations and conduct of the contest

All efforts will be made to assign a monitor who resides within 25 miles of the event venue to reduce costs and ease logistical efficiencies.

While it is important that all aspects of the Tournament Criteria be met at each year's sanctioned event, USA Judo is open to new ideas and is willing to work with the tournament director in areas where flexibility can be taken into consideration where there is no direct impact to the athletes.

If the monitor of the event determines that any of these areas have been breached, they will notify the Director of Membership & Events and/or the CEO immediately by phone, followed by a full report to be submitted to the Point Event Advisory Panel within five working days from the completion of competition, for review. If the Point Event Advisory Panel determines that the event was non-compliant, the event may be placed on probation for the next year with full resolution of the non-compliant issue necessary the following year.

Notification of any penalties for violations will be made to the Tournament Director within 10 days. For any other infractions, the Monitor will note it in his or her Monitor Evaluation form to be reviewed. The Tournament Director will be notified to discuss and resolve the issue.

The monitor shall be compensated by USA Judo as follows: (not to exceed \$200.00):

- Transportation: round trip gas reimbursement between the monitors home and venue
- Per Diem/meals: monitor to be compensated \$25 per competition day(s) and included in complimentary meals provided by the event (hospitality room)

Note: All expenses outlined above will be covered by USA Judo. Receipts must be provided to USA Judo for reimbursement.

EVENT PROCEDURES

USA Judo's Sanctioned Point events are extremely important to our athletes, and it is possible that the points won could be the deciding factor in an athlete being selected to an international team or receive funding from USA Judo. Therefore, the tournament must be conducted strictly in accordance with the rules and procedures described in this document to avoid any possibility of an athlete protest due to real or perceived improprieties. The competition shall be conducted according to IJF rules, including any modifications made by USA Judo. No deviations to the competition method are allowed after being announced.

1. Athletes wishing to earn points and be ranked on the National Roster must be current USA Judo members and hold U.S. Citizenship or IJF Refugee Status when registering for the event. **It is the tournament director's responsibility to check verification of USA Judo membership, citizenship/refugee status and note it on the Report Form. Failure to do so may result in loss of point level event status. Unless uncontested, athletes must win at least one match to earn USA Judo Roster Points.**
2. **The event director can request a list of current USA Judo members in the surrounding states from the USA Judo national office.**
3. The match times must be in accordance with IJF rules, where applicable.
4. IJF contest rules shall be used, including "Golden Score" overtime, where applicable, or as modified by USA Judo.
5. Mat/Safety Area Dimensions:
 - All categories: competition area shall be 6 x 6 meters, 7 x 7 meters, or 8 x 8 meters minimum.
 - Safety area for all categories at USA Judo Point Events must be a minimum of 3-meters between mats (4-meters preferred) and 3-meters on the outside perimeter.
 - Tables, chairs, equipment should be a minimum of 1 meter from the edge of the mat.
 - Attendees may not sit on the side of the mat while competition is being held.

Events with International Athlete Participation/International Federation Participation:

- Competition and safety areas for USA Judo Sanctioned Events with international participations will be determined through discussion with event organizers and USA Judo during the sanctioning process.
 - Pan American Judo Confederation & International Judo Federation rules will apply for PJC & IJF Sanctioned Events.
6. Athletes, except for Bantam age, must compete in their appropriate age category unless a waiver is issued by USA Judo if appropriate.

7. Bantam age athletes may, in addition to their true age/weight category move up to the next weight class within their given age category. Athletes in bantam only categories may also move up an age class to the same or nearest weight class in that next age group based on their true weight.
- Example:
 - A bantam 2 competitor whose true weight category is 19kg may register for that true category and also for the following:
 - Bonus category: Bantam 2 23kg
 - Age Up category: Bantam 3 21kg
 - Athletes may earn points in multiple categories
 - The current “age out” rule will still be in effect for intermediate and juvenile categories for events scheduled after July 1.
8. USA Judo will permit any Junior age athlete, including all categories from Bantam through Juvenile, who is in the last six months of his or her eligibility, leading up to December 31 of that year, to compete in a given age bracket, to CHOOSE to enter USA Judo Elite Athlete Roster point events in the next age bracket. That athlete will NOT be able to compete in his or her “old” age bracket and the “new” one at the same event. Instead, he or she will need to choose ONE age bracket for each point event in the second half of each applicable year. The athlete who chooses to compete in the older category may begin to accumulate points in the new category beginning July 1 of each year, BUT he or she will not be able to use those points in the new division until January 1 of the year that actually ages them into the new division.
9. Weight categories must conform to USA Judo standards. These weight categories are:

Senior categories:

Men: 55kg, 60kg, 66kg, 73kg, 81kg, 90kg, 100kg and +100kg and Open
 Women: 44kg, 48kg, 52k, 57kg, 63kg, 70kg, 78kg and +78kg and Open

Based on 2022:

Bantam 1 (Born 2017): Female and Male: 18, 22, +22 kg	Bantam 6 (Born 2012): Female and Male: 27, 31, 35, 39, 44, 44+kg

Bantam 3 (Born 2015): Female and Male: 21, 25, 29, +29kg	JUVENILE (Born 2008-2009): Female and Male: 36, 40, 44, 48, 53, 58, 64, +64 kg

Bantam 5 (Born 2013): Female and Male: 25, 29, 33, 37, 41, +41kg	IJF-Junior (Born 2002-2007): Female: 48, 52, 57, 63, 70, 78, +78 kg, Open Male: 60, 66, 73, 81, 90, 100, +100 kg, Open

Veteran categories: Ages begin at 30 years of age as of the end of the calendar year. **For example:** an event held in 2022, the athlete must be 30 years of age as of 12/31/22. Categories are based on 5 year increments up to 79 years of age. Senior weight categories are used for all ages.

USA Judo's weigh-in protocol is attached and must be strictly followed. Weight categories must not be split or combined. If a category is split or combined, points/classification will not apply to those categories. If a category has only one contestant, then that contestant should be listed as the uncontested winner of that category on the official results. Aside from the result in this weight class, exhibition matches that are non-point bearing are encouraged to get participants match experience and help grow the sport of judo in the United States.

Weigh in rooms should have a panel or pipe and drape across the door inside the room to shield seeing into the room when door is opened. No mixed gender should be allowed in weigh-in rooms at any time.

10. Seeding, Draw and Competition methods:

E and D Level Event Seeding: For Senior Elite point categories, the top four nationally ranked senior athletes will be seeded if they compete in the weight division in which they are ranked. #1 and #4 shall be placed on one side of the bracket; #2 and #3 shall be placed on the other side. The seeding order shall be in the order of the byes, i.e., if there is 1 bye, #1 shall get it, if there are 2 byes, #'s 1 and 2 shall get them, etc. If any of the top 4 nationally ranked athletes are not in attendance, athletes ranked #5 and below SHALL NOT be seeded, i.e., "moved up" to the next higher seed position. Example: if #2 is not present, then #3 shall be seeded as #2 and #4 shall be seeded as #3. Athletes ranked #5 and below SHALL NOT be seeded, i.e., "moved up" to the next higher seed position.

The draw shall be done at random, with the exception of seeded athletes, using computer software approved by USA Judo. Allowable restrictions are that players from the same club, state, or country may be separated in opposite pools or quadrants. The restrictions to be used should be specified in the entry package. For example, "players from the same club will be separated as far apart as possible in the bracket."

Competition Methods:

- Round Robin (for divisions having 5 or less competitors)
- Double Repechage
- True Double Elimination
- Modified Double Elimination

Examples of bracket sheets are included

11. Signage with USA Judo approved logo will be displayed prominently during the event. A minimum of 2 each 3' x 6' banners will be hung during the event. The assigned monitor of this event will work with the event staff to designate locations of hanging. The event organizer will inform USA Judo whether or not they already have the banners for display, or if new banners need to be provided by USA Judo.

SAFESPORT/BACKGROUND SCREENING

All coaches, and, referees, must have current SafeSport certification and a clean background screen as designated by USA Judo protocol.

Event directors are required to post and notify all adults of the following policy:

I, a prospective or current member/licensee/participant of USA Judo or USA Judo event agree to abide by and be bound by the applicable USA Judo Bylaws, Code of Conduct, competition rules, SafeSport rules, and MAAPP policies and procedures promulgated by the U.S. Center for SafeSport as they may be amended from time to time. I agree to be subject to the jurisdiction of the U. S. Center for SafeSport and agree that any sanctions imposed by the Center extend to my participation in all USA Judo events or activities and may be posted publicly and include information regarding the misconduct involved. The USA Judo SafeSport Handbook can be found at www.usjudo.org .

USA Judo defines “regular contact with minors” as meaningful or direct contact or oversight with minors that would be considered frequent, repeated, or consistent. By way of example, an adult who will often assist with coaching/leading classes including minors would be considered “regular contact” with minors and is required to complete the SafeSport Online Training/Certification Course.

An adult who may “drop in” to coach and/or practice with minors on occasion would not be considered frequent, repeated, or consistent and would not need to complete the SafeSport Online Training/Certification Course. In the spirit of the moral code of judo, USA Judo requires adult members to self-certify whether or not they considered having “regular contact” with minors based on the aforementioned description. If an adult member is unsure whether or not they have “regular contact” with minors, USA Judo encourages those individuals (and their clubs) to err on the side of caution and complete the SafeSport Training and Certification. USA Judo, in cooperation with USA Judo Clubs, as the right to randomly review and assess members who may have regular contact with minors and require compliance if/when considered necessary by USA Judo Leadership. The USA Judo SafeSport Handbook can be found at www.usjudo.org.

Full range policies of the MAAPP guide can be found at <https://www.teamusa.org/USA-Judo/MAAPP>.

MEDICAL

Adequate emergency medical facilities and personnel should be provided: A medical doctor or other certified first aid personnel should be in attendance at all tournaments. This includes any warmup of athletes outside of official event schedule. A medical area with emergency supplies and ice must also be provided. The telephone number of the local ambulance service and the location of the nearest hospital should be known.

COACHES

All coaches must be current/active certified through USA Judo, USJA or USJF to sit mat side. You must request a list of current certified coaches from USA Judo, USJA and USJF for verification and issuance of event coach credentials.

Event directors must monitor mat side to ensure only one coach per on-mat athlete as well as having the appropriate coach credential for the event.

A coaches meeting should be held to review protocol, rules, and any event specific information. This is often done during or after the referee meeting and having a referee representative in attendance is recommended.

REPORTING

The organizers must provide the following materials to the Director of Membership & Events, (electronically, via email, is preferred), or to the assigned Monitor:

- The reporting form (attached) must be submitted to the individuals listed above within 5 working days of the conclusion of the event with all information included.
